

MIPI Kamera Module

MIPI for industry starts here

Die ultrakompakten Platinen unterstützen die MIPI-Spezifikation CSI-2 und sind mit vielen verschiedenen Bildsensoren verfügbar. Die Miniaturkameras sind äußerst kostengünstig und mit einer Vielzahl von Standardplattformen kompatibel. Unser neues VC Sandwich96 Board, ein CSI & Ethernet Adaptor Board, macht aus einem 96Board eine intelligente VC-Kamera!

MIPI-Module eignen sich besonders für Multi-Kamera-Applikationen, z.B. für mobile und dezentrale Applikationen wie autonomes Fahren, Drohnen, Smart City, Medizintechnik und Laborautomation. Unsere MIPI-Sensorboards bieten OEMs eine hochflexible Komponente für die Umsetzung Ihrer Embedded-Vision-Lösungen – und das alles made in Germany!

The ultra-compact boards support the MIPI CSI-2 specification and they are available with many different image sensors. Thanks to standardized data transmission, the miniature cameras can be manufactured and integrated into various platforms at extremely low costs. With our new VC Sandwich96 Board, a CSI & Ethernet Adaptor Board, we offer the perfect solution to make an intelligent VC camera from a 96board!

MIPI modules are ideal for multi camera applications including mobile and distributed applications like autonomous driving, UAVs, Smart City, medical technology, and laboratory automation. With MIPI sensor boards we offer OEMs a highly versatile component for their embedded vision solutions – all made in Germany!
